An American Story: The Speeches of Barack Obama

By David Olive

ECW Press, \$14.95, 230 pages

Containing the text and commentary from over twenty speeches by President-Elect Barack Obama on the campaign trail, *An American Story* gives a bit of insight into the man's superb rhetoric. Following and detailing all of the best pieces surrounding the historic campaign, from the trivial that seemed hardly newsworthy to the substantive that were of the utmost importance, Olive gives a thorough account in his latest offering.

With truly inspirational speeches and the back story for all of them, *An American Story* is a feel-good read that does exactly that. From awe to joy, curiosity to satisfaction, the book ranges in the types of positive and uplifting emotions that it will invoke within you, and throughout the read stays just as interesting as the actual campaign was or even more so.
