Below is a clipping of your book review that appeared in the January 09 issue of the *Sacramento Book Review*. Thank you for sending us the book.

Change Has Come

By Kadir Nelson

Simon and Schuster Children's

Publishing, \$12.99, 64 pages

With inspired illustrations by Nelson, *Change Has Come* is an uplifting book for children that shows them just what the United States is supposed to be all about. Including quotes from President-Elect Obama's inspiring speeches during the 2008 presidential campaign, and even before that, each page says something profound and hopeful.

Regardless of political affiliation, everyone can appreciate the simple-to-understand, yet powerful rhetoric presented within the pages. The images that accompany are also quite well done; Nelson has a unique style that conveys feeling and emotion extremely well, perfect for a book aimed at children. With an overarching message of the opportunity and ability that people living in the U.S. have to better their lives and the lives of others, this book is truly giving the right message to our young people: anything is possible!
