Below is a clipping of your book review that appeared in the January 09 issue of the *Sacramento Book Review*. Thank you for sending us the book.

The Nation Guide to the Nation

By Richard Lingeman and Nation Magazine

Vintage, \$19.95, 400 pages

Though the fact that it is a handbook to being an “original, progressive, and indie liberal” is somewhat ironic in of itself, *The Nation Guide to the Nation* is nonetheless helpful for anyone living in the US that is looking to find some Liberal culture points of interest – be they radio and TV programs, coffeebook stores, or even political gatherings. It covers people, places, and happenings that are all over the country that carry or support leftist politics andor lifestyle, and details how and why they do what they do.

Progressive fanatics will find it informative and relevant in the extreme, Hipsters looking to play the part will find it to be their secret weapon of Cool, Political activists will use it as their trusty yellow-pages when looking for recruiting grounds, and Conservatives of all types will most likely hate it. Overall, *The Nation Guide to the Nation* fulfills everything that it is meant to be, and often does so with a quite appropriate sense of humor.
